JOSIAH TURNER, Jr., EDITOR.

New York Herald, August 3

THE PRESIDENT AS A PARTY MAN.

It has generally been considered a virture in a public man to stick to his friends. At least this has been so here since party politics has proved superior to principle or anything else. General Jackson was admired by the democrats for sticking to his friends, and his example has been strongly commended ever since he was President. It must be admitted, too, that there is virture in the grateful remembrance of services rendered, particually in individual cases. But in the case of the President of the United States there is a higher principle to be recognized and followed, and that is the good of the country. When he takes the oath of office parties and men and everything else should be made subordinate to the interests of the republic and welfare of the people. All Presidents, we believe, in their inaugural addresses admit this, though some may not have followed it. General Grant, if we remember right, emphatically enunciated this sound doctrine. Every one acknowledges it in theory, for it is founded in common sense and patriotism. Though political parties may be necessary or useful, and though it may be of importance to the success of an administration for a President to use one or the other of them to carry out his measures; there is a limit to subordination to party. Yielding too far to party considerations or clamor may prove more disastrous than absolutely ignoring party ties.

We have been led to make these remarks from views expressed by General Grant to General Tarbell, Secretary of the Republican Executive Committee of Mississippi, as published in the HERALD yesterday, on the subject of parties in the South. This General Tarbell was the accredited agent of the radicals of Mississippi to ascertain the views of the President on the political affairs of the Southern States, and particularly on those of Mississippi. The object is apparent. The radicals wanted the endorsement of the President to help them to defeat the conservatives in the approaching election in Mississippi, General Grant understood this, and without reserve and in the most marked manner declared that he favored the radicals and wished them success. To give his remarks more effect and to place his expressed views beyond all question the conversation was written down, carefully read to him and is now published by his authority. So far, then, there can be no mistake as to his expression or the motive for making them.

We cannot help expressing regret that the President should have stepped beyond the strict line of duty to interfere in the local elections of the State. It makes no difference in his conduct because this is a Southern State. Mississippi is in the Union, and official interference of the administration in her case is just as reprehensible as interference would be in the local affairs of New York or of any other State. Besides that, it is a blunder. It will have the effect, probably, of disgusting the conservative people of Mississippi and swelling their majority at the election. There is no doubt that the unwise interference of members of the Cabinet in the Tennessee election had such an effect, and this ought to have been a lesson to the President and his advisers.

General Grant probably means well, and thought he was doing right; but he is mistaken. There can be no question of his patriotism. Nor is there any reason to believe that in his emphatic endorsement of the Southern radicals, in opposition to the sentiment of the people of the South, he was influenced by personal ambition. He is simply the tool of the radical politicians in his Cabinet and around him. He is inexperienced in the cunning and tortuous schemes of such politicians, and takes their selfish and party representations for honest convictions. The people of this country, North as well as South, are not radical—They are tired of radical rule, and the elections show that wherever there is a chance for the conservative elements to combine without going back to the old dogmas of defunct democracy the radicals are defeated. The true course for the government is to recognize this conservative public sentiment and to act in accordance with it. If General Grant would make his administration successful and popular, and if he would give that peace to the country which he desires and talks of so much, he must think for himself, and not be led by scheming politicians in and out of his Cabinet. In brief, his policy must be in accordance with public opinion. To do that he may have to change his Cabinet. It never has been a unit. It is a patchwork sort of body, comprising men of different views and party affiliations, from the ultra radical to the rigid conservative, and is only held together by the love of office and personal ambition. Nor does it fairly represent the different sections and interests of the republic. From the beginning it was a makeshift arrangement dictated by the politicians, and does not reflect the sentiments and policy upon which the President first commenced his administration. Looking at these facts and at the current of popular sentiment acting in against the unwise and improper interference of the government with the local affairs of the States, has not the time come for General Grant to reorganize his Cabinet and make it a unit, in accordance with the conservative tendency of the country? That is the question, and upon that, probably, will depend the success or failure of his administration.

DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED,

AND THE NEW

UNIVERSAL CLOTHES WRINGER.

Improved with ROWELL'S PATENT DOUBLE COGWHEELS, and the PATENT STOP, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott, Bishop M. E. Church*

"It is worth one dollar a week in any family."—*N. Y. Tribune.*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it, one laundress is dispensed with."—*Wm. M. F. Round, Superintendent of Infant Department of St. Catherine's Nursery, N. Y. City.*

PRICES.—A Fair Offer.

Send the retail price Washer $11. Extra Wringer $9 and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines, free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

Sold by dealers generally, to whom liberal discounts are made.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, AUGUST 18, 1869.

LIEUTENANT GOVERNOR TOD R. CALDWELL.

Governor Holden once said that Republicans were "mean, lazy, low-bred white men and free negroes." Falsehood, slander and treason are their leading characteristics.

This is not a true picture of the "gentleman" whose name heads this article. Caldwell is not a "low bred white man." In this the Governor does him injustice. He was of good family, well raised and liberally educated at the University. The education, at least, was as thorough as Swain, Mitchell, Fetter and Phillips, with the shallow intellect of Tod, could make it. We believe the Governor is correct in ascribing to him "laziness." As to slander, we never heard of his slandering any person except the Governor; when he was on the Governor's staff he called him a "gentleman."

Falsehood belongs to Tod. At South Fork, in 1861, standing on a chestnut log he spoke urging men to volunteer for the war. Forty and five young men did so. When the war closed and the grave had closed over the forty-five, Tod, in a public discussion with Col. Avery, at Caldwell, denied that his speech was to encourage volunteering, but it was for the purpose of getting the "d—d secesh in the army that they might be killed." There was only one secessionist at South Fork and Tod was willing to slay forty-four Union men to get at him. No wonder Governor Holden once said "God save the people of the West from such a man as Tod Caldwell."

Notwithstanding Tod's denial of the fact and his loyalty now, he was a traitor. He used to visit the army. On one occasion when a fight was impending he asked Gen. Lee to allow him to address the Burke Tigers. Tod told them that their mettle would soon be tried—if they turned their back to the foe they need not go home, for old Burke would turn her back upon them; for a coward could not live in Burke. Tod cried and spoke and spoke and cried, and marched to the rear, while his neighbors children marched to death and the front. They perished but Tod survives, a walking monument of treason, treachery and deceit.

RECORDS OF THEMSELVES.

"Black *Republicans* are made up of three classes—unprincipled and selfish politicians who are too intelligent not to know that their conduct is anti-constitutional and dangerous,—ignorant fanatics,—and mean, lazy, low-bred white men and free negroes. Falsehood, slander and treason are their leading characteristics."—*Standard, October* 15, 1856.

These are the words of Gov. Holden. Alas that a virtuous and once free people should be governed by "mean, lazy, low-bred white men and free negroes."

Hear John Neathery & Co.:

"A proportionate sprinkling of rascals is indispensable to the well being of every community, civilized or barbaric."—*Standard, August* 16, 1869.

Alas! were the sons of Adam ever doomed to such a destiny before? Could such a state of things stand in any other country? Show us a "proportionate sprinkling of rascals" in any government, and we will show you the prince of rascals at the head of that Government.

Will the people of North Carolina, with folded arms, sit forever silent and look upon the folly, corruption, stupidity and baseness of the "mean, low white men," and give them charge of their property, liberty, laws, and all that men hold dear? The late township elections answer, No! "by the eternal" they will not. The open and shameless corruption of the "low-bred white men" and "sprinkling of rascals," who have charge of our State government has brought about a "new era" to the thinking men of the State. In fact, the time has arrived when the foolish, as well as the wise, must consider and inquire more than they have hitherto done. The humblest man among us may be benefitted by asking and answering the questions: What was I once? What am I now? What was my tax? What is it now? What was my protection? What is it now, with "mean, low-bred white men" and "sprinkling of rascals" to control it.

THE REASON.—The New York *Sun* says: "The Republican party seems to be passing through a most dangerous crisis. The Southern elections are all against it, and if the current is not changed, its doom is certain. Three causes are working for the destruction of this great party; the conspicuous failure of Grant's administration, the universal amnesty notions of the Hon. Horace Greeley; and the instability of the negro vote."

The *Sun* might have added one or two very potent reasons for the decay of the party in the South—the utter and shameless dishonesty of its leaders, and their disregard to the feelings, wants, habits and rights of the people; and also the deception and falsehood they have used toward the colored people, to which their eyes are now being fully opened.

UNDECIDED.—The *Standard* and Newbern *Times* continues to pitch into each other, and as yet it is undecided whether the Sparrow shall kill Cock-Robin, or Cock-Robin kill the Sparrow.

STRIKING HIS DADDY.

The North Carolina *Standard*, speaking, of the Newbern *Times*, says, "The men who control it (the *Times*,) are not friendly to Governor Holden. Speculators are not apt to be friendly to the man who crushes their plans for robbling the people."

That accounts for the unfriendliness of Littlefield towards His Excellency. Littlefield was so badly "crushed" by the Governor for his setting up a free bar in the Senate Chamber, and, by liquor and bribes, inducing members to vote for extravagant, swindling acts for robbing the people, that the Governor placed the whole burden of the public printing on him. He has also completely crushed Sleepy Downing, and Jim Harris, and others, of the Penitentiary Committee for the $100,000 Penitentiary swindle, so that there is nothing but a dry pulp left of them.

The Governor's crushing machinery has been of forty horse power and lightning speed, on these and other speculators who have so notoriously robbed the people; but the *Standard* ought not to be so flippant in talking about it—it hurts the proprietor of that paper, and, looks like an ungrateful urchin striking his own daddy.

NEWS FROM JOE.—A Rockingham correspondent gives us news from Joe. A gentleman from that County informed us that Joe made two speeches at the Court House, and that Township, which had voted Radical, went seventy five majority against the Radicals, and if Joe had made four speeches it would have gone one hundred. Good for Joe. Captain Settle had better send him home.

The Asheville *News* is informed that a brilliant meteor flashed over the locality of Turkey Creek, Buncombe County, on Saturday night last.

From the same source we learn that Miss Lillie Woodfin, daughter of N. W. Woodfin, Esq., of Asheville, was severely bruised, recently by the upsetting of a buggy in which she was riding out with a friend.

HEALTH OF CHARLOTTE.—The *Democrat* denies the truthfulness of the rumor that the city of Charlotte has an unusual amount of sickness. The city was never freer from disease.

Dr. Gibbon, of Charlotte, amputated the hands of a negro man, last week, who had gotten his hands badly mangled by a circular saw at Wilson's Gold Mine.

The Reds thought Rosecrans was a very bad candidate for the Democrats of Ohio, as they said he was a Catholic and had abused them during the war. But now that old Rosey has declined, they say it is the ruin of the party. They are greatly troubled over it. How consistent.

We publish, by request, the following circular of the Agent of the American Bible Society. It appeals, with force, to every Christian and philanthropist in the State:

TO EVERY CITIZEN OF NORTH CAROLINA.

The American Bible Society was instituted for the single purpose of increasing the circulation of the Holy Scriptures without note or comment. Since its organization in 1816, it has sent out more than twenty-five millions of copies of the Scriptures in our own country and in other lands. Its facilities for carrying out its sole object—the circulation of God's word—are greater now than ever before.

The Society desires to place a copy of the Holy Scriptures in the hands of every family. To those able to pay for it we sell *at cost*, and give to those unable to pay.

This is the work to be done in North Carolina. *Every family* in the State should have a copy of the Scriptures. We call upon every believer in the Bible—every lover of God—every disciple of Jesus—every patriot—every one who desires the prosperity of his country—one and all—to aid us in this work.

The American Bible Society has acted nobly, generously—in these trying times—rising above the passions and prejudices of the hour it has sent to our impoverished South hundreds of thousands of Bibles and Testaments as a donation, and in this and other ways aided to the amount of three hundred thousand dollars. Shall we not show our appreciation of such a course by cordial co operation in increasing the circulation of the Scriptures, and contributing to its funds according to our ability? Let us all rally to the rescue and do what we can in this glorious cause.

God hath spoken to man. He hath uttered his will. He hath made known to us his name and nature—his greatness and his goodness—his might and his mercy. He hath pointed out the path of piety and peace—of plenty and prosperity. He hath described our duty and our destiny. It is written—in the Bible. This is God's own remedy for the evils of Society. Nothing but a return to Bible principles and precepts can remedy the evils that now afflict us. Let us put his word in the hands of all. That word which is able to make wise unto salvation"—"a lamp unto our feet and a light unto our path"—"it giveth light: it giveth understanding to the simple," "it is perfect converting the soul, making wise the simple," it affords comfort and unerring counsel. "It is profitable for doctrine, for reproof, for correction, for instruction in righteous that we may be perfect thoroughly furnished to all good works,"—"able to save the soul!"

Who will assist in placing this blessed book in the hands of all the people? Will not you?

We come not to interfere in any way with any party in Church or State. We come with nothing but God's word—his word to man—to one, to all of every clime—of every country—to every creature in all the world.

We would again remind our readers that all Deeds, Powers of Attorney and other papers, except Mortgages and Deeds of Trust, connected with the transfer of real estate must be probated by the 1st of October. All persons neglecting this requirement will run the risk of having their lands "entered" and claimed by other parties. We advise all to make enquiries about this matter of the Judges, who will be on their circuits before that time. Better to be safe. *Asheville News.*

For the Sentinel.

RUFFIN STATION, ROCKINGHAM, }
County Aug. 14, 1869. }

Mr. Editor:—Rockingham is redeemed, we carried four Townships by large majorities, divided two with the Radicals, and lost but one. Our majority total in the county does not fall short of 500.

Our people are patient and look forward with hope to the time when they will throw off the present tyrannical and oppressive rule. We are gaining every day.

Captain Settle late of the Confederate army, came home from Raleigh bringing with him Stephen Douglas, Joseph Holden and a son of Cebe Harris, to read law. A few days after these came, a Mr. Fisher, Holden's Adjutant General and Chief of Detective forces, the same who called on you for a "statement on honor." The object of his visit was to consult about the propriety of sending the militia to Rockingham. He went to see Capt. Settle and D. M. Mallory for their opinion. He remained four or five days, in which time Capt. Settle had some alleged Ku Klux arrested and brought before him. Mr. Dillard, Colonel Scales and Gen. Scales appeared for the defendants. Captain Settle informed those gentlemen that they could not appear before him, in as much as they had filed no answer in the Supreme Court to the rule against B. F. Moore and others.

Counsel asked if he, the Captain, intended to make a rule upon them to answer him in his capacity of a Magistrate, for he was not acting as a Judge but as a Magistrate. This took the Captain all a back. He said it was true, this was not a Court of record, and he had no power to put counsel under rule, but they must answer this Supreme Court rule, he would endorse it and send it to the Clerk and then counsel could be heard before him. The counsel said, when they appeared before that Court, they would answer, but they could not do so at the bidding of his Honor.

These gentlemen were not allowed to be heard before Captain Settle. Governor Reid, who had not appeared at the bar for twenty years, no doubt hurt at seeing his brother in law make an ass of himself, because he happened to be a Judge, volunteered his services for the defendants without money or price. The Captain ordered the defendants to be bound in the sum of $5,000, which was afterwards reduced to $3,000.

I hear that there was great excitement on the part of the people, at Capt. Settle's ruling. Every man was indignant at it except the Captain himself, and a few negroes who were witnesses, and they were contradicted, time and again, by the best men of the County. The bail, too, was regarded as excessive. There is hardly a decent white man in the County who would not have stood as bail for the defendant; as it was, forty men signed the bail bond.

A short time before this trial, Joe Holden and Stephen Douglas, Capt. Settle's law students, made speeches to the negroes, and greatly disgusted the white population. This, with Fisher's visit, coming upon the eve of the election, enabled us to beat them, horse, foot, and dragoon.

Capt. Settle and Chicken Stephens have been all-powerful in Rockingham. The Captain has been emphatically the autocrat of Rockingham. He built the $10,000 bridge; he helped to call the Court; he helped to bring up the detective carpet-bagger, Fisher. The coming of Fisher, no doubt, was known to Capt. Settle before he left Raleigh, and agreed upon by Settle, Fisher and Holden.

Capt. Settle pretends that he tried to keep back the militia but no one believes him. He rules our Commissioners; he is said to have first suggested the rule for contempt to the Supreme Court. I believe you published that Judge Pearson said he was "d—n sorry Settle had called the solemn protest to the attention of the Court." Captain Settle, if reports be true, gave five dollars to the keeper of a grog shop for the election. Old Stokes has done gloriously, and we have carried every township in the County except one. Good news comes to us from almost every township in the neighboring Counties. We think the days of Capt. Settle and Chicken Stephens are numbered in Rockingham.

Yours,
X.

The "World" is moralizing on what may be called the meanness which characterizes the heads, or rather the head, of the federal administration, in their summer junkettings and journeyings about the country:

"In the earlier and better days of the republic (we are told) the President would as soon think of asking of a candidate for office a gift of a hundred dollars as to habitually travel in public conveyances and be entertained in taverns as a dead head.—But now, with the example set before them, we take it, all the subordinates in Washington will vex railway and steamboat officials for free passes and coax tavern keepers into free feeds. Like master, like man! Every revenue or other officials who smoke expensive cigars or drive valuable trotters will plead that they were gifts by admiring tax-payers, who could not resist making such a manifestation of approbation of official energy and fidelity. Washington would have frownded on such a state of things; but what of him?"

THE ALMIGHTY SPEAKS.—One of the most signal strokes of the Almighty God has just occurred in Watauga county in this State. One Philip P. Gorms, a trader in tobacco and other commodities, died suddenly last Tuesday week, under unusual circumstances. His team had become stalled in a mud-hole, and becoming incensed at the consequent delay, Gorms swore at them, and beat them until he had worked himself into frenzy. While in the midst of his blasphemy, he was stricken dead with appoplexy. His remains were interred upon a neighboring farm, and his team cared for until his family could be advised of his fate. Gorms is said to be from Granger county, Tennessee.—*Asheville News.*

We have received two anonymous communications from Raleigh, signed "Republican," making some revelations about the bribery used in securing appropriations from the Legislature, and explaining how injunctions were prevented from being issued against certain Railroad appropriations, &c., &c. We believe the statements to be true, but the writer must give us his name before we can publish them.—*Char. Democrat.*

Wood, the ex-detective, in a circular published to-day, charges that during the impeachment trial Secretary Boutwell, through the Rev. Mr. Matchett, offered him $10,000 for certain information to be used against Johnson.

General Dent, one of the President's secretaries, offered to wager fifty dollars that his brother would be the next Governor of Mississippi. This occasions no little excitement among extreme as well as conservative Republicans.

The executioner of Paris desires to sell his terrible office to "a monsieur not disagreeable to the Imperial Government."

A meeting of the members of the North Carolina Agricultural Society will be held at the Commons Hall, in the Capitol, on Monday evening, October 18th, at 7 o'clock, for the transaction of business, and on each subsequent evening, during the Fair, at the same time and place, for discussion and for the reading of papers on subjects relating to Agriculture and other material interests of the State.

An Association called the "Terra Nova Union Society" has been established in New York of Newfoundlers residing in the United States, and at home, ostensibly for mutual benefit, but really to agitate secession from Great Britain, and annexation to the United States. It is stated, with a good deal of positiveness, by those who are conversant with the political opinions of the natives of Newfoundland that they entertain a deep and wide-spread desire for annexation to the United States.

The dead Democratic party. It polled in 1856, 1,803,029 votes; in 1860, 2,213,927; in 1864, (exclusively of the South's) 1,811,754; in 1868, 2,706,364. Mighty lovely old corpse, ain't it?

THE CONCERT TO NIGHT.—Our readers will remember the Concert, to night, at Tucker Hall. We have no doubt it will be well worth going to hear. The performers and singers are good musicians, and the lady violinists will not be the least attractive feature of the entertainment.

The many friends and admirers of that sterling old patriot ex-Gov. Worth, will be glad to hear that his health is gradually improving. He is now able to sit up.

SENT TO JAIL.—Fab. Buffalo and Richard Smith were committed to jail yesterday in default of bail in bonds of $100 each on a charge of stealing a beef.

RUBBING UP.—Three colored employees about the Capitol were employed yesterday in burnishing up the statue of Washington in Capitol Square. Whether bronze statues are improved by rubbing is a question we shall not argue.

WE had a call yesterday from Mr. W. F. Beasley, the Agent for the patent process of manufacturing Sorghum Sugar, for North Carolina.

A NEW SCHOOL IN RALEIGH.—The Roman Catholic Church in this City is to be devoted to educational purposes on week days until another building shall be selected as a school room. The pastor, Rev. J. V. McNamara, has made arrangements with Miss Lucie G. Capron, an experienced and accomplished lady from Baltimore, who is already here for the purpose of teaching. Parents are informed that the school opens on to morrow morning at nine o'clock; and they are also made aware that Miss Capron will give lessons on the piano to all who may require her services.

They are raising funds for another steam fire engine in Wilmington.

HOLSTON FEMALE COLLEGE.—The institution known by this name, located in Asheville, as we learn from the *News*, has had its name changed to "Asheville Female College," and has been placed in a better condition for usefulness than ever before, by a thorough reorganization. It now goes to work under a new charter, and nine Directors have been elected. Rev. J. S. Kennedy is President of the College, and N. W. Woodfin, Esq., has been elected President of the Board of Trustees.

Rev. Geo. T. Wilmer, of Asheville has been called to the Chair of Belles Lettres and Moral Science, in William and Mary College, Va.

RECOVERING.—Col. A. T. Davidson of Asheville, who has been confined to his bed by severe illness, as we learn from the Asheville *News*, is so far recovered as to be able to walk about the streets.

"WHERE'S THE SENTINEL?"—Asks the Asheville *News*, "we but seldom ever see its face on our table now-a days." It is mailed to you regularly, neighbor, as it is to all our subscribers; if they fail to get it the fault lies beyond this office. The popularity of the SENTINEL causes it, we have no doubt, to be appropriated frequently, before it reaches its destination. We hope this practice will be discontinued.

"NOTICE.—Hereafter, the Daily *Standard* will be sold for *five cents* per copy. No newsboy is allowed to ask more than that price."

About as much as it is worth.

ON ACCOUNT of the great number of wonderful cures of *obstinate* and *inveterate* cases of SCROFULA, DYSPEPSIA, LIVER DISEASE, KIDNEY AFFECTIONS, GENERAL BAD HEALTH, &c., made by the *celebrated* "KOSKOO," it has won the *enviable reputation* of being the *best* and *most popular* medicine *ever discovered*. It is daily prescribed by physicians, and recommended by many thousands of our best citizens. For sale by Druggists and Merchants everywhere.

Ladies suffering from any disease peculiar to their sex, can be restored to health by using DR. LAWRENCE'S "WOMAN'S FRIEND." It purifies the secretions, and restores the system to a healthy condition.

The River Nile is lower than it has been for the last 150 years. The prospects of a good cotton crop are favorable.

NORTH CAROLINA SHOES.—Mr. J. A. Leach, of the Thomasville Shoe Factory, is in the city on business connected with his establishment. We are glad to learn that this North Carolina enterprise is succeeding admirably, and its business is continually increasing. A number of our Raleigh merchants keep shoes from the Thomasville factory, and sell a great many of them, and they give satisfaction both in quality and price.

Mr. Leach exhibited to us samples of men's double pegged brogans, men's balmoral's, ladies' leather boots, ladies pebble grained morocco, and summer balmorals, of very superior workmanship and finish, and at prices that will compare favorably with Northern made shoes.

Thomasville has established a reputation in the Shoe business, and dealers should remember and encourage such commendable energy as her manufacturers exhibit.

HOME WORK.—We examined a Piano yesterday morning that, from being almost utterly worthless, and being ready to be thrown aside entirely, has been repaired, restrung, recushioned and renovated so thoroughly, by Mr. Wm. H. Vaughan, of this city, that it is now an excellent instrument, and for melody and tone equal to any piano of its class. Mr. V. is a natural as well as educated musician, and a pretty considerable of a mechanical genius.

There are many old pianos in the country, worn out and unused, which, if placed in his hands could be made to give forth good music, and that, too, at a comparatively small cost.

Mr. Vaughn continues to tune pianos for any one wishing it.

We often incur heavy expense by overlooking opportunities to save money, and send abroad for new and costly articles, when we might get as good and as cheap, and sometimes much cheaper, at home.

VAULT OF THE NEW BANK.—The vault of the new Banking House of John G. Williams & Co., for the "State National Bank," will be a very secure place of deposit for coin, greenbacks and valuables of all descriptions. The floor is of solid granite laid on a solid brick foundation; there will be a double wall of granite, each twelve inches thick, with two inches space between, with iron balls countersunk into the granite blocks composing the wall, and left to play loosely, so that they cannot be sawed, and will thus prevent the blocks from sliding under any force. The top is to be finished off with solid granite slabs similar to those used for the floor.

The door, we learn, is to be constructed of iron, and will cost over five hundred dollars. The lock for the door will cost seven hundred and fifty dollars.

The stone work is erected under the Superintendence of Messrs. King and Whitelaw of this City, proprietors of the Raleigh Marble yard.

THIRTEEN SHOTS.—Thirteen shots, says the Wilmington *Star*, were fired, last Saturday, at Henry Berry Lowery, the negro leader of the Robeson County outlaws.—Two of the band, it says, were captured, and carried to Red Banks, thence, we believe, to Lumberton.

THE smoke-house of John Taylor, living near Moss Neck, New Hanover County, was robbed of a large quantity of meat and lard last week.

MORE DEVILTRY IN JONES.—We learn that information has been received in this city that a Col. Shepherd, of Jones county, had been shot and killed. We have not heard the particulars, but learn that a party has arrived to induce the Governor to offer a reward for the assassin.

MELANCHOLY DEATH.—Mr. James C. Dobbin, son of Hon. J. C. Dobbin, deceased, Secretary of the Navy under President Pierce, met his death in Fayetteville on the 13th inst., by falling from a window, by which his skull was fractured.

Two sailors were arrested in Wilmington, on Monday, for desertion from the British brig, Ida.

Two white men had a public fight in Wilmington on Sunday night, and were fined six dollars and sixty-six and two-thirds cents each, by Judge Cantwell.

One hundred and forty-seven bolls have been counted on one stalk of cotton, on a farm near Newbern.

A negro was committed to jail in Newbern on Monday for stealing a gun.

(For the Western Democrat.)

MR. EDITOR:—The Raleigh SENTINEL is a good newspaper, and therefore I take it, but I despise to see a column of editorial matter appear in its columns day after day puffing and praising Life Insurance Companies. Please call the attention of the Editor to it, and ask him if it is right to use the editorial influence so extremely in that way. I think somebody will be awfully badly fooled by some Insurance Company sometime. Look out for squalls. X.

Brother *Democrat*, tell your correspondent, X., that those pieces he grumbles about were advertisements, paid for at a good price, at that. But we are going to shut down on that sort of thing, measurably, hereafter.

Baltimore Sun August 14th.

THE CASE OF JOHN H. PRATT.—On the 6th inst., John H. Pratt, an alleged ring-leader in the Jefferson (Texas) riots, was arrested and committed to jail in New York, by a detective from the headquarters of General Reynolds, who is said to have been on his track since April last. While in the custody of the United States marshal, a writ of habeas corpus was issued by Judge McCunn, of the State Court, to United States Commissioner Osborn who at first refused to give him up, whereupon Judge McCunn said he should direct the sheriff to enforce the writ and call upon the State military authorities for aid. An interview then ensued between Judge McCunn and United States District Attorney Pierrepont, which was followed by producing Pratt in the State Court on the 9th instant, whereupon Mr. Pierrepont asked that the prisoner be remanded to the custody of the United States marshal. This was objected to by his counsel, on the ground that the Federal authorities had no jurisdiction, but the judge granted the request. After the adjournment of this examination a squad of United States soldiers took the prisoner from the custody of Marshal Barlow, and hurried him to Fort Schuyler, where he was delivered into the charge of Major Taylor. This summary proceeding is believed to have been prompted by the apprehension that Judge McCunn would render a decision liberating the prisoner on the grounds above mentioned. On the next day the judge decided to discharge the prisoner from custody, on the grounds, first, that murder is not a United States offence, except in cases over which the government has exclusive jurisdiction; second, that the prisoner had not been committed by a United States Court. The prisoner, however, was still at Fort Schuyler, Marshal Barlow did not obey the order of the State judge and the Secretary of War directed the commandant of the fort to hold Pratt until further orders of the government. This was on the 12th instant, and the case had been set down for examination at 1 P. M. the same day, before Commissioner Osborn, but Marshal Barlow declined to produce the prisoner on the ground that he had been served with an order from Judge McCunn to bring him before the Superior Court.—He thought if the State court had the legal right to make this order, it would be his duty to submit to its *dicta*. If the State court was wrong in making it, it would be necessary to have a sufficient force in readiness to prevent Pratt from being taken from his custody when brought down for examination. It was certainly his duty to obey the order endorsed on the commissioner's warrant, but in view of the position in which he was placed he thought it his duty to take the course he had and submit his reasons. It was then determined to adjourn the examination to Monday next.—Simultaneously with these proceedings, it appears that Judge McCann was about to issue a writ against Major. Taylor and Col. Pratt, to bring them before him, on the application of N. A. Berge, when Assistant District Attorney Stanley appeared and said that if Judge McCunn would consent to a suspension until 2 P. M. yesterday the prisoner would be produced, when a compromise might be agreed upon to reconcile the differences between the State and government authorities. The United States commissioner is understood to have taken no part in this stipulation, as he holds that the prisoner is still under his jurisdiction, and that the State courts cannot interfere.

The proceedings of yesterday at first wore a serious look, if credit can be given to the reports by telegraph that the United States marshal had summoned a company of federal soldiers to his aid, and that a regiment of militia had been called upon to support Judge McCunn. Subsequent dispatches, however, state that Judge McCunn, in order to avoid an actual conflict of arms, adjourned further proceedings until Monday next to await the action of the United State commissioner. In the meantime the warrants on Marshal Barlow to surrender the prisoner to the State authorities have been signed but not issued. The federal soldiers occupying the United States court room and guard the person of the marshal. An armed truce may be said to exist.

In this position Judge McCunn is fully sustained by the highest legal authorities. The federal government has no jurisdiction of the crime of murder except in certain specified cas s viz:

"When committed on the high seas, or within any other fort, arsenal dock yard, magazine or in any other places or districts of country under the sole and exclusive jurisdiction of the United States." Nothing appeared on the face of the commitment to show that the murder charged was committed "on the high seas, or within any fort, arsenal, dock yard, magazine, or in any other place or district of country under the sole and exclusive jurisdiction of the United States." But allowing to the federal courts every presumption of jurisdiction to which superior courts are entitled, it is still apparent that they have no jurisdiction of the crime charged against petitioner. The alleged murder was committed at Jeffersonville, in the State of Texas, and is an offence against the State of Texas, not against the United States. It is a crime of which the courts of Texas have exclusive jurisdiction. In the language of Mr. Justice Nelson, adjudicating the very point in the "Matter of James Egan," who was tried and convicted by the federal authorities for murder committed in South Carolina, and who for this, as well as other reasons, was discharged on habeas corpus. "It will be observed that the offence is one which, according to our constitutional system of government, is cognizable by the judicial authorities of the State, and not of the federal government." And, on the same ground, in the "Matter of Martin," (45 Barbour, 143) Mr. Justice Leonard discharged the petitioner on habeas corpus, holding that of the offence charged—arson in the city of New York—the federal government had no jurisdiction—a decision in which the United States authorities had decorously acquiesced.

The Pratt case presents, like others in which the same principle has been involved, a shameless commentary upon our boasted civil government, the right of trial by jury, and the comity established between the State for the rendition of parties accused of crime. All this arises out of the anomalous condition in which States, willing and anxious now for four or five years to fulfill their obligations to the Union and the Constitution, have been put and kept in the interest of party. However guilty Pratt may be, it is better that one more should go unwhipt of justice than that the free institutions of a country should be mocked and outraged to secure his punishment. It is time that this broad mantle of martial law should be contracted instead of being expanded, as is attempted, from Texas to New York. And even in the "unreconstructed States," so called, military tribunals have received an admonition in the disposition made of of the Yerger case in Mississippi, to await the decision of the United States Supreme Court before exercising authority, which is at war, with the most manifest and undisputed guaranty of freedom in the constitution.

P. S. The telegraph has announced the discharge of Col. Pratt by the United States Commissioner Osborn.

"Fresh as a Maiden's Blush" is the pure peachy Complexion which follows the use of Hagan's Magnolia Balm. It is the True Secret of Beauty. Fashionable Ladies in Society understand this.

The Magnolia Balm changes the rustic Country Girl into a City Belle more rapidly than any other one thing.

Redness, Sunburn, Tan, Freckles, Blotches and all effects of the Summer Sun disappear where it is used, and a genial, cultivated, fresh expression is obtained which rivals the Bloom of Youth. Beauty is possible to all who will invest 75 cents at any respectable store and insist on getting the Magnolia Balm.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of scrofula, where the system seemed utterly given up to corruption, have yielded to the compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tuberculars may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there need be no suspicion of taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, unchastities, and the depressing vices generally, generate it. Weakly constitutions, when not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose lavish blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing those obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Bilious Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from miasmatous, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is neither followed by any reaction. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy action.

The following exquisite verses are from "Wayside Posies," a collection of original and selected poems edited by Robert Buchanan:

"Now dark and dry is piled the wheat,
The wine-press feels no strained feet,
The white moon shrinks her scale clear;
And voices of the air repeat,
'It is the evening of the year.'

"Why have I missed while men have found?
Men smile while corn and wine abound.
And dreampt of thee where skies were clear;
But withered leaves bestrew my way:
It is the evening of the year.

"O, love! it seems but yesterday,
A child in fresh green fields I lay,
And dreampt of thee where skies were clear;
But withered leaves bestrew my way:
It is the evening of the year.

"O face that I have never seen,
Somewhere on earth with saddened mien
Thou waitest full of sober cheer;
Come! where the reaper's foot hath been,
It is the evening of the year.

"Come to me, O my love, my fate,
Ere all be cold and desolate!
Come, I have sought thee far and near;
Come! lest I wither while I wait;
It is the evening of the year."

SPARKLING CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvement generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. CASTER, of Virginia, who has had much experience, and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station the Springs' depot, every morning; (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stopping or delay at Salisbury, and arrive at Hickory Station in time for hurry, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate—a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate *in any mode or form* they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English, and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man for two dollars comes in possession of a homestead, which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents coal already, before the first grand drawing has taken place, applications to sell amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.

For further description and particulars, address JOHN SKINNER,
june2 tf SECRETARY.
